Professional experience

June 2011 -
Present

Frontend developer

Hogarth Argentina

I collaborated in the migration of Coca Cola sites globally, deve-
loping it through Adobe Experience Manager. I was also involved
in coordination and coaching tasks.

Branding design

La Costa Viral, San Clemente del Tuyú, Buenos Aires, Argentina.

I built the corporate identity of the most relevant digital
newspaper in the region. I developed its logotype, as well
as the graphic system for news, differentiated according to its
content. Also created material print and various audiovisual pieces.
From this work, in one year there was an increase of more than
70% the amount of audience, positioning the portal as the
leading independent medium in the district.

Dec 2008 -
Dec 2018

English teacher

San Clemente del Tuyú, Buenos Aires, Argentina.

For 10 uninterrupted years I prepared students to take and pass
the subject of English in school stage.

I coordinated groups of up to 7 students, grouped by year
and content for a better optimization of time. In 10 years in this
activity I obtained a pass rate of almost 100%.
